Exceptional homes, chosen one by one.

DIMORECOLLECTION.COM

WHO WE ARE

A collection, not a portal

Dimore Collection is a curated collection of extraordinary residences — villas, chalets, apartments and boutique hotels — presented to an international clientele who know how to recognize them. Few residences, chosen one by one, with care for every detail: from visual storytelling to booking.

Curated	Selected for quality, not volume.
---------	-----------------------------------

Direct	Transparent owner–guest relationship.
--------	---------------------------------------

International	Italy, Switzerland, France, Spain and beyond.
---------------	---

Born from experience in luxury hospitality and creative direction.

THE OPPORTUNITY

Renting a fine residence well is hard.

01

Wrong exposure

Mass platforms commoditize an exclusive residence and attract the wrong audience.

02

Scattered management

Enquiries, calendars, photos, payments: time the owner doesn't have.

03

Unfiltered clientele

Hard to reach the right guests for a high-value residence.

Dimore Collection solves all of this, leaving the owner in control.

02

Onboarding

We curate the listing, images, CIN and shared calendar.

03

Publication

The residence goes live on the site, bilingual and bookable.

04

Bookings

We manage enquiries and payments; you host the stay, we take the commission.

THE MODEL

We earn only when you do: a commission on the intermediation. No subscription, no upfront cost.

Commission model

The guest pays on the site; funds reach you via connected payment, and Dimore retains only the agreed commission.

The guest pays a booking deposit online equal to our commission; you collect the stay balance directly.

Terms (percentage, add-ons, cancellation) are set for each residence.
